"These are crummy buildings," Praetorius lisped. "They're dark, the corridors are long and narrow, the rooms are tiny; it isn't a therapeutic feeling."

He said in the new buildings the halls would be larger, the rooms more airy, and the windows light-enhanced to provide a warmer atmosphere.

"We want to fight the stigma, of the terrible site of 999 Queen," he said. "We thought if we could do it right and well on the place that is notorious, we could demonstrate to the whole community that these illnesses are like any other human pain and suffering."

Toronto OBSERVER, Nov 2 2009

Johnny couldn't help noticing. Thing Street hadn't been called Nine Ninety-Nine in a hundred years. Trixie's favorite TRICK. Whenever she wanted to look TRANSFORTMATIVE she reversed history, deleted progress. She compared herself to the old Asylum.

She'd learned it from Praetorius, and sex-trade outreach at her Motor Motel down Thing Street. She filled it in the off-season. She'd spent her whole life filling Model Suites with her clients. She always stood beside the oldest Lilly Marlene she could find, under the dimmest street lamp.

But UNCLE DEAREST....

They were NOT "illnesses... like any other human pain and suffering."

According to Uncle Scamh's own BIBLE, the DSM, they were not illnesses at all - his GOOD BOOK called them "DISORDERS."

So, wasn't it true that, when Old Polyps wanted to raise money he talked about illnesses (as if there was something there he could cure), but when he wanted to label and discriminate and PRESCRIBE without EVIDENCE - it was back to DISORDERS again? As if he'd never left....

Then, on top of all this bullshit, was the STIGMA SCHTICK - the very SITE was STIGMATIZING? But for WHOM, Polyps?

He was always talking about ending STIGMA like it was all about CLIENTS - but what about HIM? He'd been at Thing Street, "professionally" speaking, just as long - 150 years, in fact - and he'd had a pretty bad REP for most of that time. Was that what he really meant?

UnclevDearest wanted them to forget about it? Wasn't this just another of his SCAMS at $CAMH?

Talking about ending stigma didn't end it anyway, it reinforced it - and ignored the worse stigmatization going on - "Mental Hellness is a BRAIN DISEASE, YOU are SICK, WE are WELL, etc...."

Nonetheless, Johnny decided to TRY IT. He said it was time they ended the cruel and unusual stigmatization of psychiatry for crimes against humanity in the name of CURING the population, ranging from (but not limited to) forced sterilization, doping, and murder. It was time theybforgot about the history of the Mental Hygiene Movement, when someone's DISORDER was having an unwed mother. It was time they forgot that this was only halted by the revelations from the 3rd Reich - where it all led. It was time they forgot that it was starting all over again because they forgot.

He wondered if that helped UNCLE POLYPS? Did he feel better? Stigma-free and and fancy-fee....
